

GUBENDIRAN G

.NET Full Stack Developer

gubendiran02@gmail.com | +91 97901 33966 | Chennai, Tamil Nadu | [Linkedin](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

.NET Full Stack Developer with almost 2 years of experience at Trivecta Digital Solutions, delivering 6 production modules for a travel back-office platform serving 70+ users across 5 branches. Proven track record in ASP.NET MVC, C#, SQL Server optimization, RESTful API development, unit testing, and Agile/Scrum delivery. Progressed from Intern to Software Engineer through consistent delivery and ownership, with a strong learning mindset for rapidly adapting to new technologies, including basic self-directed exposure to Angular and Azure through AI-assisted personal projects.

EXPERIENCE

Software Engineer

Oct 2024 – Present

Trivecta Digital Solutions · Chennai, Tamil Nadu · Full-time, On-site | Progression: Intern → Trainee → Software Engineer

- Delivered 6 core modules — bookings, customer management, vendor billing, payments, reporting, and analytics — for a travel back-office web platform serving 70+ users across 5 branches.
- Participated in Agile/Scrum ceremonies (daily standups, sprint planning, and reviews); wrote and maintained unit tests to validate business logic and reduce regression risk.
- Used Git for version control within a CI/CD-oriented deployment workflow, enabling reliable and traceable releases.
- Reduced redundant API calls via client-side master data caching, improving page load performance.
- Optimized SQL Server queries by adding targeted table indexes and refactoring stored procedures to eliminate non-deterministic logic.
- Built and consumed RESTful Web APIs for seamless internal system communication.
- Designed responsive, mobile-friendly UIs using Bootstrap, JavaScript, and jQuery.
- Collaborated directly with business stakeholders to translate requirements into production features.
- Integrated Zoho Analytics dashboards via iFrame embedding for real-time management reporting.

TECHNICAL SKILLS

Backend	C#, ASP.NET MVC, .NET Framework, ADO.NET, Web API
Frontend	HTML5, CSS3, Bootstrap, JavaScript, jQuery, Responsive Design
Database	SQL Server 2016, Stored Procedures, Query Optimization, Indexing
Testing	Unit Testing, Manual QA/Testing
Methodologies	Agile/Scrum, SDLC
Tools	Visual Studio, Git, Git-based CI/CD workflows, Postman, RESTful APIs, Zoho Analytics
Basic Knowledge / Learning (AI-assisted)	Angular, Microsoft Azure (App Service, Static Web Apps), Entity Framework Core

KEY PROJECTS

Travel Back-Office Web Platform

Oct 2024 – Present

Trivecta Digital Solutions

- Replaced a legacy Windows desktop system with a scalable ASP.NET MVC web app — 6 full-stack modules, 70+ users, 5 branches.
- Stack: ASP.NET MVC · C# · ADO.NET · SQL Server · Web API · Bootstrap · jQuery · Git

Integrated Analytics Dashboard

March 2026 – Present

Trivecta Digital Solutions

- Embedded Zoho Analytics into the web platform via iFrame, providing real-time booking, revenue, and vendor insights to management.
- Stack: Zoho Analytics · iFrame · HTML5 · CSS3 · ASP.NET MVC

Personal Finance Tracker (Self-Learning Project)

2026

Personal Project · Basic knowledge, built with AI assistance

- Built and self-deployed a personal finance tracking web app end-to-end — Angular frontend, .NET Web API backend, and SQL Server database — as a hands-on way to gain basic, foundational exposure to Angular and Azure cloud deployment.
- Deployed the backend as an Azure App Service and the frontend as an Azure Static Web App, with a dedicated Azure SQL database, using AI-assisted guidance for the frontend and cloud configuration.
- Stack: Angular · ASP.NET Web API · SQL Server · Azure App Service · Azure Static Web Apps

EDUCATION & CERTIFICATIONS

- B.E. Electrical & Electronics Engineering — KRCT, 2019 – 2023
- Junior Software Developer Level 3 (NCVET) — NIT Tiruchirappalli, Certified
- .NET Full Stack Development — Anew Technologies, Completed
- Claude 101 — Anthropic, Certified
